

Dear Colleagues,

It has been two years since the establishment of the Membership in General Dentistry and I would like to highlight some of the recent developments:

- With the conclusion of MGD by CAT – specials diets in 2007-8, CDSHK admitted 58 MGD members.
- The Committee of General Dentistry invited a panel of subject writers for drafting the competence standards in general dentistry. The College has also revised the MGD guidelines. These documents serve as the blueprint for designing the training program and guiding the subsequent examination and assessment.
- We are also in a process of identifying and appointing accredited CPD providers, delegating the duties of administration and delivering of the MGD training program.

The College of Dental Surgeons of Hong Kong is now accepting applications for the first diet of MGD - by full examination in 2009-2010.

If you are interested in the MGD program, you are cordially invited to a lecture-

For better planning of resources & quality assurance on training & examination, CDSHK may limit the number of intake of this first diet of MGD by full examination.
