The Legislative Council (LegCo) General Election will take place on 7 December 2025 (Sunday). As members of the medical profession who serve the community with dedication, we recognise the importance of contributing to Hong Kong's long-term development and well-being. One important means of doing so is to take part in the electoral process.

Voting is both a civic right and also a reflection of our shared responsibility to society. The decisions of the LegCo in the coming term will shape public policy, including areas pertaining to health, education, welfare, resource allocation, and broader issues that affect the environment in which we live and practise. You are encouraged to take part in the Election and encourage those around you to do the same.

The Academy remains steadfast in its mission to advance specialist standards and safeguard the health of the public. We hope you all will demonstrate civic responsibility, exercise your rights to vote on 7 December to elect a new term of responsible and capable LegCo Members.

Let us participate together for the betterment of our community.

Yours sincerely,

Professor Philip Kam-tao Li
President
Hong Kong Academy of Medicine
