President's Message

Dear Fellows,

We are coming around soon to the 2nd International Conference on Evidence-based Advanced Dentistry scheduled from 16-19 November 2007. The College is co-organiser to our local teaching institute to celebrate the 14th anniversary of formation of our College and Silver Jubilee celebration of the HKU Faculty of Dentistry. Please sign up to support your College because the organizing committee had put a lot of efforts in inviting prominent international and local speakers from various specialties to lecture on the state of art dentistry and hands-on workshop. As a post congress meeting, our college organised Professor Bjorn Zacharisson from Norway to lecture on a one-day course "high quality dentistry- seamless co-operation between orthodontists and dentists". Don't miss this golden opportunity to freshen up and registration for both the Congress and meeting is by post or on line @<http://dent25.hku.hk/congress/index.htm>.

In October, Professor Crispian Scully CBE, Dean and Director of Studies and Research of UCL Eastman Dental Institute together with Dean Professor Lakshman Samaranayake will be our invited speakers for our Winter Scientific meeting. Please sign up for an update on the topic of emerging oral diseases and treatments.

In July this year, Vice Minister Prof. Huang Jie Fu and a visiting team from the Ministry of Health visited the Academy, followed by visitation from the School of Stomatology, Beijing Hospital led by Dean Prof. Yu Guang Yan in August. The College is honoured to be involved in assisting the grand-fathering of the first batch of Dental (Stomatological) Specialist in Oral Maxillo-facial Surgery and Orthodontics in mainland China.

The Education Committee is starting another cycle of accreditation of training centre for all different specialties. The inspection team is headed by Dr. Joseph Chan with team members Professor Edward Lo and Dr. John Ling.

Coming up in October and November, we will be conducting both the Conjoint and Exit Examinations in various Dental Specialties. The usual election of new councilors by postal ballot and announcement will be made at our annual general meeting scheduled at noon time on Sunday 18th November. A conjoint conferment ceremony with the Royal College of Surgeons Edinburgh will also be conducted on 23rd November 2007. I look forward in meeting you in various occasions. Your unfailing support to College activities would be sincerely appreciated.

Dr. John Ling
