## **President's Message**

**Dr K.H. Lee**

Dear Fellows & Members,

When I took up the presidency at the end of November 2010, it was nearly Christmas time and, in almost a blink of an eye, it is now the first month in the lunar calendar. Let me wish all of you a peaceful and prosperous Year of the Rabbit.

I have been serving in the College Council in various posts since 1993, with only a gap year in 2006, and so have been witnessing the College going from strength to strength. This year, we saw Professor Stephen Wei who is one of our Past Presidents and Dr William Yung who has served continuously in the College Council for 12 years leaving the Council; and we saw Dr Katherine Leung and Dr Rony Cho joining the Council as Council Members for the first time. The College welcomes Dr SK Chan as the new VP (General Affairs & CPD), Dr Edmond Pow as the new Honorary Secretary, and Dr Robert Ng as the new Censor-in-Chief. Professor Edward Lo and Dr Alfred Tsang have kindly agreed to remain as VP (Education & Examinations) and as Honorary Treasurer respectively. I am looking forward to have a close working relationship with all the Office-bearers and Council Members. Just like in previous years we have, in January, appointed all the members of our Committees and Specialty Boards for another term. This year the Council has also formed a new House Committee to help looking after the day to day running of the Secretariat which currently has 4 full-time staff members.

Last year, we have conducted many Intermediate Examinations jointly with the Royal College of Surgeons of Edinburgh and admitted 15 new College Members. Exit Examinations were also being conducted in Endodontics, in Oral & Maxillofacial Surgery, in Orthodontics and in Paediatric Dentistry and 9 College Fellows were admitted. These 9 College Fellows were admitted by the Academy and added to the list of FHKAM (Dental Surgery).

In November 2010 we held a Joint Congress on Implant Dentistry together with the Global Committee on Osseointegration. Gratitude must be extended to Professor Leung Wai-keung for chairing the Local Organising Committee and for organizing such a successful and educational event.

In the same month, the College published one piece of important document, “Guidelines for the Provision of Dental Implants”. This document spells out the training requirements for the different levels of implant treatment, information about the various considerations in placing dental implants, the importance of implant maintenance and documentation as well as the importance of quality assurance.

The previous 3-year CME/CPD cycle stipulated by HKAM has ended at the end of 2010. Starting from 1 January 2011 there is a new 3-year cycle with a revised set of Principles & Guidelines. The most up-to-date P&G is made available on the College Website and it could be downloaded for reference.

Much time and great efforts have been put in by Dr Raymond Lee and his Committee for General Dentistry in organizing the training and examination for the general dental practitioners. The very first diet of the MGD Examination has been conducted on 9 January 2011 and it is an important milestone for the College. Dr Raymond Lee’s contribution is much appreciated. More detailed report about the work of the Committee of General Dentistry could be found in another section of this Newsletter.

Those Fellows who attended our Conferment and Annual Dinner would have noticed that the College has produced some new College Gowns with eye-catching design. I must thank Dr Robert Ng for his effort in this matter.

Finally I wish you all a very prosperous and healthy 2011.

Dr KH Lee

President
